EXPERIENCE

Senior Data Systems & M&E Advisor Nov 2022 – Mar 2025

Management Systems International (MSI) · Remote

- Built Python (pandas, NumPy) pipelines that cut monthly third-party monitoring processing by about 60 percent (20 to 8 analyst hours) across 10 active USAID projects.
- Managed the full TPM data flow from Survey123 to Python ETL to Power BI with row-level security, surfacing yellow and red flags for USAID mission leadership.
- Managed TPM assignments for USAID health projects AFIAT and UHI, using sampling to set monthly and weekly health facility visit schedules.
- Trained and mentored 100+ MEAL officers and partner staff on Power BI, digital data collection and data quality.

I worked within the third-party monitoring team under the Chief of Party, with guidance from the Monitoring Lead and Deputy Monitoring Lead. Team members working with me helped carry out the work.

Senior Research, Data & M&E Project Manager Nov 2021 – Sep 2022

Adroit Associates · Kabul

- Managed collection of 40,000+ field interviews with automated R validation for FAO, ILO, UNDP and ACTED evaluations and TPM.
- Coded about 124 interview transcripts a month in ATLAS.ti for mixed-methods reports; managed budgets, workplans and vendors.

I worked under the guidance of the CEO and the President of the company, together with colleagues on the research and data teams.

Power BI Data Analyst & M&E Manager Oct 2019 – Aug 2021

TAGHEER Mosbat Consultancy · Kabul

- Built Power BI dashboards for 17+ donor portfolios including the State Department, UNESCO, UNICEF, UNHCR, Save the Children and Oxfam.
- Designed an organization-wide data governance framework and MySQL cleaning workflows; trained 56+ staff; delivered 18 evaluation, monitoring and research assignments.

I reported to the CEO and founder, who guided the work. Team members working with me supported delivery and reported back through me.

Data Management & Regional M&E Coordinator Jan 2015 – May 2019

Afghanistan Center for Excellence (ACE) · East Zone

- Designed monitoring systems and Power BI and Tableau dashboards for USAID, DOD, UNDP, ERRIN and DAI-subcontracted projects.
- Coordinated monitoring of 12 job placement, training and women's economic empowerment programs; trained 50+ field staff.

I worked with the Senior Program Manager and the Director, and reported to the Chief Program Officer and the Head of Programs.

Data Management & M&E Assistant Jul 2014 – Dec 2014

Humanitarian Assistance and Development Association for Afghanistan (HADAAF) · Nangarhar

- Managed DHIS2 and Excel health facility data for WHO, IMC and BRAC-funded BPHS programs, with discrepancy analysis for reporting.
